

## EDITORIAL STAFF

Submission of all manuscripts to Journal of Vertebrate Paleontology will be handled electronically through ScholarOne Manuscripts at <http://mc.manuscriptcentral.com/jvp>. All manuscripts must strictly conform to the guidelines posted on the Society Web site and on the ScholarOne Manuscripts Web site. Failure to do so will result in the manuscript being returned to the author without being sent out for review. Current SVP members may access a listing of members of the Publications Committee by logging into their member profile and clicking on the "Committee Search" item on the Members Only menu.
